## DEDICATION

I hereby dedicate this report to my lovely parents; Agweto Veronica and Eluku Joseph, Brother Ebitu Ivan Engoru, my mentors muzee Engoru Charles and Businge Lawrence.

TO my best friends who stood with me during the course i.e., Edwonu Simon, Aleso Modestar, and to all my fellow course mates not forgetting the almighty God who created me and gave me the knowledge and wisdom in every aspect in my life.

## ACKNOWLEDGEMENT.

I Alote Maria with great pleasure would like to thank all the people who stood with me and who gave me their ideas and thoughts towards the development and compilation of this industrial training report. Mostly my field supervisor MR. ELUBU LUKE and DVO who guided and shared with me knowledge in different field areas during the training.

I also appreciate the entire staff of Busitema University Arapai Campus for the assistance rendered in all ways for funding of industrial training which has helped me to learn a lot from field.

I also thank the almighty God for the wisdom and care given to me and also my colleagues during the internship.

## ABSTRACT

This is a report of what was carried out in Soroti District Local Government during the internship. The activities implemented were categorized into three sections i.e., office work, field work and meat inspection. This report therefore documents these activities as explained in the four chapters.

Chapter one introduces us to the place of attachment; location of SDLG, historical overview, soil vegetation and climate of the area of attachment, economic context, settlement patterns, ethnicity, administration, organizational structure of district production and marketing department and objectives of the veterinary sector.

Chapter two describes activities implemented during the attachment period which includes; field, office work and public health activities.

Chapter three explains more about impact of attachment which includes; skills gained during the training, responsibility under taken during the training, the influence of the training to the future carrier plan and how the industrial training activities carried are correlated with class knowledge.

Then finally chapter four takes us to conclusion of the report and recommendations to be put in place.
