## DEDICATION

I would like to dedicate this report to my beloved parents, University staffs, all my brothers and sisters and friends not forgetting the field supervisor **Mr. Munguacel Wilfred** may God bless you so much.

A handwritten mark consisting of a large, stylized letter 'D' with a vertical line through its center, and a long, sweeping horizontal line extending to the left from the top of the 'D'.

## ACKNOWLEDGEMENT

My sincere appreciation goes to the administration of Pakweh Town Council Local Government for the equipment and facilities offered to facilitate the internship training and mostly to my supervisor for the wonderful words of encouragement and the time he spared to me during the training

I also extend my sincere thanks to my lecturers for the knowledge and skills they taught me at the campus that impacted positively during practical field time.

I also extend my sincere thanks to my beloved uncle **Mr. Ogom Godfrey** for his financial support towards my study may the almighty God reward him abundantly.

A handwritten mark consisting of a circle with a vertical line through it, resembling a stylized '1' or a signature.

## ABSTRACT

This report contains and describe the activities carried, implemented, skill and qualification gained, challenges faced during the industrial training, conclusion of the report and recommendation derived from the from the challenges faced at pakwach town council, pakwach district local government.

The objective this industrial training is to make student benefit from the skill and knowledge gained from the field and also apply the knowledge they get from the class room and built confidence in the student.

During the industrial training I was attached to the department of production and superior of animal department this was followed by orientation where I was first introduced to the council committee and later implement activities such as meat inspection, data entry, training farmers, treatment and vaccination of animals. during the training I also faced some challenges like poor mobilization of the farmers, shortage of veterary drug exposure and equipment at town council, limited transport means for field and poor turn up of farmers during training Inconclusion all the activities were implemented and industrial was carried out successfully and I was able to get some practical skills how to relate with people in the field, technical advice,

## CHAPTER ONE

### INTRODUCTION

#### 1.1 HISTORY AND GEOGRAPHICAL INFORMATION

Pakwch town council was re-gazetted from Nebbi District as sub county in 1875 and later it was being promoted to Pakwch Town Council in 2000, in 2016 Pakwch has been given a district by president of republic of Uganda.

Pakwch town council is located at the centre of Pakwch District alongside Nebbi-Arua road, Pakwch Town Council It's bordered by Panyago sub county on the West, Nwoya district and River Nile to the east, Pakwach town council to the South east, Pakwach sub county to the South, Alwi Sub County to the South west

Pakwach Town Council contain five (5) parishes, i.e., Amor East, Amor West, Puvungu West, Puvungu East and Puvungu Central. The Town Council has 52 villages with the total land area of about 120km
