## DEDICATION

With sincere gratitude, I dedicate this work to my parents Emiriat Michael Okanyang and Abbo Harriet who have been with me from the very start of my Passion in Agriculture and given me all the necessary support.

## ACKNOWLEDGMENT

With due respect am so grateful to the administration of Agromax (U) Ltd and its management for having allowed me to conduct my training at the organization. I also thank the Head of Department Agribusiness and Extension at Busitema University Madam Asero Daina for all the motivation, encouragement and career guidance in the field of Agribusiness

My sincere thanks also goes to Madam Nabulime Maureen Norah my academic supervisor for the great role played to ensure my success, Mr. Mbulamukungi Samuel the skilling manager and Mr. Akatukwasa Dickson my field supervisor for the wealth of Practical Experience, hands on skills and exposure offered to me.

I do thank my parents Emiriat Michael Okanyang and Abbo Harriet and all my siblings who have been the reason I am at school, my friends, fellow interns; Basiniwaki Denis and Byaki Agnes from Kyambogo University, Kasule Ronald from Makerere University for the cooperation, guidance and team work showed me during the Internship training, may the almighty God reward you abundantly.

To my Mentors Lasuba Gideon Nyomorusu, Wami Myco, DR. Samuel Nsubuga and Kalmamba Michael, thank you so much for keeping me inspired and guiding me through my passion in agriculture. I am grateful.

Above all, my greatest appreciation goes to The Almighty God for the gift of life, good health and utmost wisdom He gives onto me, may His name be glorified to the highest forever and ever.

## ABSTRACT

This report covers the activities carried out during my internship training at AGROMAX Uganda Ltd in Luteete along Gayaza road, Wakiso district from 20<sup>th</sup> May to 26<sup>th</sup> July 2019. The report summarizes the activities carried out during the internship period which include nursery and field crop management.

During this attachment, I acquired skills in greenhouse preparation and management, agronomic practice of different crops like tomatoes, cucumber, coffee, banana, and sweet pepper.

I therefore recommend other students to do internship with Agromax (U) limited in future.

## CHAPTER ONE

### 1.0 General introduction.

Agromax Uganda ltd is modern agribusiness company located 7km from Kampala on Gayaza road Wakiso district situated on 8acres of land.

It's mainly a horticultural center but it also offers training services to interested people.

The company has various departments which include tissue culture, technical, agronomy, project and marketing departments.

The tissue culture department

The technical department deals with greenhouse construction, irrigation installation and maintenance both in the green house and in the open field.

The project department

The marketing department

The tissue culture department

The agronomy department

Agromax Company employs a big number of people, both skilled and non-skilled workers.

### 1.1 Background of Agromax.

Agromax was established in 2009 in collaboration between several local and overseas partners organized the need to introduce sustainable and affordable high intensity farming practices to Ugandan agriculturalists. The Organization as a poultry farm majorly layers and later turned into a horticultural centre and a training compass for both farmers and the youth.

### 1.2 Agromax vision.

To be the leading, modern, innovative and successful agricultural products and services company.
