ABSTRACT.

This industrial training was carried out starting from the 3rd March to the 3rd May 2022 at Kitgum district local government, Labongo amida/Labongo amida west sub county.

Its main aim was to fulfil the requirement for the award of a bachelor of agribusiness. It's done by students so as to give them opportunity to exercise the knowledge got from class in the field enabling them acquire skills.

I participated in several activities during the course of the industrial training which included the following ; Training farmers groups on vegetable production that is tomatoes and cabbage in particular under the project NUFLIP phase two which started introduction an background of the project to them, market oriented farming and it's key considerations, how to carryout market research and it's importance, family goal setting, nursery establishment and management, how to manage pest and diseases of vegetables (spraying tomatoes and cabbage), how to carryout transplanting.

I also been participating in spraying, weeding, nursery bed establishment and management at Akworo small scale irrigation site, vaccinating cattle against black quarter diseases and chicken against Newcastle disease, treating chicken against coryza ,cattle and goats with watery diahorea, distribution of cashew nuts seedlings, cassava cuttings to farmers under OWC , attending and participating in workshop for all extension workers Kitgum district on climate smart agriculture , GPC meeting at Labongo amida sub county, STPC meeting at the sub county where i was delegated as the agricultural officer Labongo amida sub countyand many others.

However, the biggest challenge was transport, and poor road network worsen with heavy rain, there was also inconsistent turn up by farmers for the training .

I thereby conclude that the Training went and ended successfully.

1.0 CHAPTER ONE

1.1 INTRODUCTION TO INDUSTRIAL TRAINING.

This industrial training was conducted in Kitgum district local government Labongo amida/Labongo amida west sub county from 3rd March 2022 to 3rd May 2022 for 10 weeks.

It is a way of learning carried out to expose students to acquire skills in communication, management and the administrative structure of a place of attachment and many others.

1.2 BACKGROUND OF THE DISTRICT

Kitgum district is one of the seven districts in Acholi sub region in northern Uganda. At independence in 1962, Kitgum was part of Acholi district. In 1974, under provincial administration the then Acholi district was divided into two districts that Acholi East district and Acholi West district then Acholi became Kitgum district in 1980. In 2000 Pader county was carved off from Kitgum district to form Pader district and in 2010 similarly Lamwo county was carved off from Kitgum to form Lamwo district leaving Kitgum comprising of Chua West and Chua East counties and in the financial year 2016/2017 Kitgum town council was upgraded to municipal status and therefore;

Chua West having 6 sub counties that is;

Kitgum Matidi

Labongo amida West

Labongo amida

Lagoro

Layamo and Akwang Sub county.

1.3 LOCATION OF THE DISTRICT.

Kitgum district is located between longitude 32°E and Latitude 02°N and 04°N bordered by the Republic of South Sudan in the north, Karenga district to the East, Kotido to the South East, Agago district to the South, Pader to the South West and Lamwo in the north west.
