INTRODUCTION

Reasons for industrial training

4

It gives students a chance to gain work related experiences in their field of study.

Students also gain field skills, gain social and professional skills through interaction with the clients and other people found at the clinic.

It provides employers with free labour from the students.

Objectives

To equip students with hands- on field based practical training

To enable students, learn how to live in communities and how to work with farmers

To expose students to real farm institutional experiences and operations.

Attachment period

I was attached to Kampala veterinary surgery for a period of 10weeks from 28th /02/2022 up to 6th/05/2022.

Description of Kampala veterinary surgery

The animal clinic was opened in 2007 by Dr. Berna Nakanwagi and she is the top manager of the clinic. The clinic offers Veterinary services in Uganda and also regularly sees cases from other countries. The clinic sits on approximately a quarter an acre plot. Has a compound, reception, examination room, treatment room, surgery rooms, recovery rooms, doctor's office, drug stores, boarding kennels and kitchen.

Organogram /Management structure.

KVS is run by three doctors; Dr. Berna Nakanwagi who is the top manager and only attends to the major surgeries, Dr. Naluzze Joan who works on Fridays, Saturday and Monday, Dr. Mugwanya
