This report has been supervised and submitted with the approval of ;

University supervisor;

Name : KATENTA GEORGE

Signature: [Signature]

Date: 18/05/2022

Field supervisor;

Name: KAKAI SYLVIA

Signature: [Signature]

Date: 17th/05/2022

0787269607

ACKNOWLEDGEMENT

I give glory to almighty God for his great love, mercy and protection for spear heading me in this journey of industrial training successfully.

My accord to my husband Wanzusi Sezi Sizza for all the sacrifices and the risks he endangered in to enable me go through at campus.

Special thanks to my dearly family members for being so instrumental as far as education career is concerned.

As a matter of facts, I would love to extend my sincere gratitude and great appreciation to my work supervisors , Miss Kakayi Sylvia , the staff of Manafwa town council who were of great value all times I needed their help.

As to my friends of Busitema University ,Arapia campus are worthy to be remembered for the good advice, prayers especially in this struggle.

I cannot exhaust all the people but honestly , without those who had a hand in this deliberation ; this report would have lacked a clear sense of direction . It is my prayer that the Lord my God continues to bless and expand their territories.

Abstract

The report is a compilation of what the intern learnt and carried out practically while in ruhengere field station during farm and community practice period for a period of 8 weeks. The intern learnt about the background, activities of the organization, products and services delivered to its customers, beneficiaries of the organization, its structure and objectives.

The intern described the attachment sector, carried out activities like; tentative diagnosis and treatment of diseases, pregnancy diagnosis, synchronization, artificial insemination, feeding of cattle, record keeping, pasture improvement and management, putting down fire outbreaks, deworming, castration, dehorning, ear tagging and so many other activities which could not be put in writing due to space limit.

The report also comprises of reporting and induction at the work place, task description and mentoring situation. Skills gained, responsibilities under taken, personal contribution to the organization, how activities carried out in the field are correlated with classroom knowledge.

Management of the internship program at the work place and comments on the findings, general observation about ruhengere field station, conclusion and recommendations.

This report also contains the work plan, table and figures reflecting activities carried out and the references for approval.

Ruhengere ≠ Managwa

CHAPTER ONE

1.0 INTRODUCTION

Internship is one of the course units that the faculty of animal production and management of Busitema University offer to students at the end of every academic year.

It is a program that involves supervision, planning, learning and getting new experience.

This course unit is done outside the lecture room, where by students go to the field with their field supervisor to attain practical skills like administering drugs into an animal, carrying out disease diagnosis etc

1.1 Back ground

Manafwa town council is one of the town councils in Manafwa district. It started as a county called Bubulo county without a small trading centre in the 1930's whose main activities were cotton buying and ginning, coffee and later established itself as a commercial centre mainly dominated by farmers.

It came into existence on 1/July /2005 following the creation of Manafwa District.

1.2 Manafwa town council vision

A Healthy and developed Town council population with good leadership and strong linkages by 2026

1.3 Manafwa town council mission

To achieve sustainable socio-economic development, through efficient provision of quality services to the people in conformity with National Policies and Local Government priorities.

1.4 location of MT C and size

M T C is located in northern part of Manafwa district near district quarters. It is bordered by Bukhiende Sub county of Mbale district in North West, Sinbanga Sub county in the south west, Khabutoola and Butta Sub county in the South, Buwagogo Sub county in the North East, Bushiende and Bukibolo Sub county of Bududa district in the west and North respectively and Buwabwala Sub county in the North East side of Namisidwa District.

MTC is a semi-autonomous lower local government with headquarters in Bumulyanyuma cell.

It is found along Bududa road 18kms from Mbale city of Uganda.

It covers a land area of 25 square kilometers.

1.5 Population

M T C population is 137000 people 7055 people are female and 6645 people are male as the table explains in the appendix

1.6 Topography and soil drainage

M T C generally lies on a flat land, gently sloping in all directions from the centre. It slopes gently towards River Manafwa. It stands at an elevation of between 1200-1215 meters above sea level, so it
