DECLARATION

I Odwor Alex declare that this work has been done by me as result of the internship program I had at BDLG and it has not been submitted for the award of a degree in any other University.

Signed *Alex Odwor*Date 7th 05 2022

FIELD SUPERVISOR

NAME: DR KULAKA ARAFAT

Sign *[Signature]*Date 17 MAY 2022

ACADEMIC SUPERVISOR

NAME: MR OCHOM GEOFFREY.

Sign *[Signature]*Date 26th - 05 - 2022

DEDICATION

This work is dedicated to my parents Mr Ochieng Isaac and Miss Apio Beatrice who have supported me not only academically but also financially and in all aspects of life when at the university. I also dedicate it to my Wife, Sisters, Brothers and my four (4) siblings as a sign of encouragement for academic enhancement.

ACKNOWLEDGEMENT

The great acknowledgement goes to my almighty God for the abundant health given to me making me complete industrial training successfully. A great thank goes to my field supervisor Dr KULAKA ARAFAT Senior Veterinary Officer for mentoring me in a right way and academic supervisor Mr OCHOM GEOFFREY for the great supervision given to me and not forgetting all the university lecturers who trained me actively in the class and in the farm during farm practice. I also acknowledge my parents Mr. OCHIENG ISSAC and APIO BEATRICE not forgetting my wife Miss, NAKATENDE MARTHA, relatives and friends who supported me during the time of industrial training.

ABSTRACT

This report contains and describes the activities implemented, skills and qualifications gained, challenges faced during the industrial training, conclusion of the report and recommendations derived from the challenges faced at Bugiri District Local Government. The objective of this industrial training is to make students benefit from the skills and knowledge gained from the fields, apply the knowledge they get from the classroom in the field and build confidence in the students. During internship I was attached to the department of animal production. This was followed by orientation where I was first introduced to the Production staff and prominent farmers. I implemented the activities such as; castration of male goats for fattening, General animal treatment, Pasture establishment and management. These activities have helped me to gain a lot of skills and knowledge like; De-worming of goats and cattle, skills in Castration, skills in general management of animals, communication skills and confidence in training farmers on animal management, During internship, I also faced some challenges like; poor mobilization of the farmers, lack of veterinary drugs and equipment at the District, limited transport means for field workers, the production department and poor turn up of the farmers to the training. In conclusion all the activities were implemented and industrial training was carried out successfully. I was able to gain a lot from it. I was in position of getting practical skills and knowledge in line with my career and relating with people in the field. The technical advice that I provided addressed farmers' problem and needs. Much as all were successfully done, there were also some challenges which hindered the smooth running of the activities making me recommend that proper mobilization of farmers must improve the training programs to solve problems of poor turn up during such activities, government should also increase the number of motorcycles to solve transport problems and more equipment and veterinary drugs to be stocked so that animals are treated and vaccinated in time.

18

1.0 CHAPTER ONE.

1.1 Introduction.

This report describes the activities implemented, skills and knowledge gained, challenges faced during the internship, conclusion of the report and recommendations derived from the challenges faced at Bugiri District Local Government during the time of industrial training.

1.2 Objectives of the industrial training

- ❖ To equip students with the technical skills from the fields
- ❖ To expose students to the field in order to apply classroom knowledge in the field.

1.3 Background of Bugiri District

1.3.1 Location and area

Bugiri District has a total land area of 1,607 sq. km with about 962 sq.km of land and the rest 735 sq.km being water shade. It is bordered by Namutumba District and Butaleja District to the North, Tororo District to the Northeast, Busia District to the East, Namayingo District to the Southeast, Mayuge District to the Southwest and Bugweri District to the West. It surrounded Bugiri Municipal Council in the middle and has Ten sub-counties and Eight town councils:

1.3.2 Political and administrative structure

The District is under the political leadership of the Lc5 who heads the governing council and the Executives. The Council is the top decision making body for the District and its decisions are implemented by the Technical Planning Committee staff from various disciplines headed by the Chief Administrative Officer. There are 2 Sectorial committees of the District council each headed by a secretary (executive) namely; Production, Works and Technical Services Committee and Finance, Planning, Administration and Community Services Committee
