Chapter 4, Contain the challenges, conclusion and recommendation.

5/10

CHAPTER ONE

INTRODUCTION

1:1 Background

Homa Farm Limited is private limited liability company registered in 2009 (REG.NO: 120650) and URA TIN NO, 1010651302. HFL, mission is to improve the development of farmers and land owners in northern Uganda by training, improving agricultural products and services on a sustainable and profitable way .It is located in Omel parish Paicho sub county in Gulu district. The major activities are training, and mixed farming.

We have private sector and market focused understanding training and development work through teams that combine business enterprise with local knowledge ,relationship, content in the last three years ,Homa farm limited trained over two thousand youth, women and farmers for a period ranging from one week to five months. This training have equipped communities with skills in various agricultural disciplines like poultry production, horticulture, agro-forestry, bee keeping and tree nursery management, piggery, entrepreneurship and life skill etc.

Currently HFL is implementing DYNAMIC program that have trained 170 young people manually on four month skilled training .it has previously implemented learn for work(14W) and Agri-skill for youth (AS4Y)training program with AVSI foundation with fund from Edukans through ICCO. HFL implemented a SWEP (Strengthening women entrepreneur project) with enterprise Uganda with funding from Norwegian people throughout northern Uganda.

HFL has constructed a modern agricultural training HUB app on 100 hectares of land that accommodate 200 learners .it has over 1000 hectares of farm land that is used for the training and farming. The ambassador of the kingdom of Netherlands to Uganda.

1.2 Historical background

Homa farm limited (HFL) begun in 2007 as a family farming operation to provide soft landing for family members who were returning home from displaced people camp. The major beneficiaries were youth who had left school and yet were still at school going age. The farm was to provide the youth with practical skills and work in order to instill basic discipline work
