**A REPORT ON SKILLS AND QUALIFICATIONS ATTAINED DURING INDUSTRIAL  
TRAINING AT TESO COLLEGE ALOET FARM.**

**COMPILED BY**

**NAME: AJILONG HARRIET**

**REG NO: BU/UG/2019/3503**

**EMAIL: harrietajis@gmail.com**

**COURSE CODE: DCP.1208.**

**COURSE NAME: DIPLOMA IN CROP PRODUCTION AND MANAGEMENT**

**EMPLOYER: TESO COLLEGE ALOET**

**LOCATION: LOCATED IN SOROTI DISTRICT NORTH OF SOROTI TOWN ABOUT  
7KM ALONG SOROTI \_ MOROTO ROAD.**

**A REPORT SUBMITTED TO THE DEPARTMENT OF AGRIBUSINESS AND  
EXTENSION EDUCATION IN PARTIAL FULFILMENT FOR THE AWARD OF  
DIPLOMA IN CROP PRODUCTION AND MANAGEMENT AT BUSITEMA  
UNIVERSITY**

**DECLARATION**

I declare that this report was out of my own devoted work and not from somebody else and has not been awarded academic credit from any university or institution.

**STUDENT NAME: AJILONG HARRIET**

---

**SIGN.....** 

**DATE.....** 02/05/2022

## **DEDICATION**

I dedicate this report work the Almighty God for the support, good health and protection He gave me during the time of conducting industrial training .

Secondly, I dedicate it to my academic supervisor Mr.Magumba David.and my field supervisor Mr Ekallo Kenneth and all the university lecturers not forgetting the head teacher TESO college Aloet and all the support staff especially the farm manager Mr Ekallo Kenneth and farm attendants for their tireless support and advice accorded to me during the attachment.

---

Lastly, dedication goes to my parents ,my father Okurut Simon and mother Ajilong Margaret for supporting me financially and to all my friends who have been with me through out my industrial training , giving me all kind of support and advice for the success of my education

**APPROVAL**

This is to certify that Ajilong Harriet is a student of Busitema university Arapai campus with reg no. BU/UP/2019/3503 carried out her industrial training in Teso college Aloet for a period of ten weeks from 28<sup>th</sup>/02/2022 to 6<sup>th</sup>/05/2022 under the supervision of farm manager

## ABSTRACT

Teso college Aloet farm owned by the school with both animal and crop enterprises that include, cattle, piggery, goat, bananas, forestry, horticulture and other perennial and annual crops planted. It is aimed at providing the school community with high quality animal products and crop produce .

The training at Teso college Aloet provided practical skills, field practice and experience to enhance the theoretical knowledge that is learnt in class . Therefore my objectives were to acquit myself with:

The various crop handling practices ie agronomic practices like pruning, tillage, planting, earthing up and so on.

The various animal husbandry practices and get hands on experience on animal well fare, skills which included, breed identification, disease diagnosis and treatment, anti mortem and post mortem examinations etc

The training revealed that some of the theory taught in class slightly differs from what is practically done in the field for example a crop and animal welfare practices are applied in the field, the obvious ones include planting, weeding, harvesting.

The training also revealed that production and management in any enterprise are require hard work, sacrifice, dedication and determination in order to achieve the expected profits or even more .

It is therefore recommended that more crop and animal husbandry officers should be trained to guide and advise the farmers who are facing hardships in production and management

## 1.0 CHAPTER ONE

### 1.1 INTRODUCTION:

This report contains and describes the activities that were carried out in TCA school farm

### 1.2 HISTORICAL BACK GROUND

---

TESO college Aloet was founded by TESO local government on 9th July 1954.

The foundation stone was laid by the general governor of Uganda , His Excellency sir Andrew Cohen in 1954.

The first school was built using the borrowed funds from Bugisu cooperative Union. In 1956, the college was officially initiated as a junior school ( s.1,S .2 and S.3) with 190 students, 31 teachers (mostly whites)and 3 support staff .

However, with the change of the national curriculum in 1985, TESO college Aloet became a secondary school offering classes from S.1 to S.4.

The school has got two wings ie East wing (Aloet)and West wing (arapai). These two wings are separated from each other by Soroti\_Moroto high way.

#### WEST WING

West wing was formally Soroti technical school , however in 28th Feb 1962,a proposal was brought forward by the permanent secretary, ministry of education and sports to amalgamate it with East wing so as to provide more senior education.

---

On 1st July 1963, Soroti technical college was emerged as TESO college Aloet West wing having classes of S.1 and S.2.

To meet the standards of senior education , some of the buildings were converted to meet this demand.

The tailoring workshop became the junior laboratory

East wing?
