## ABSTRACT/SUMMARY

This report book contains of four chapters which show clearly the details content of the activities carried out at Nyenga Foundation and the activities covered both crops and animals. Whereby in crop we had Hibiscus production, Urban gardening, Bananas production, Maize production, Rice Noproduction, Sweet potatoes production, Cassava production, Coffee production and making Organic pesticides and in and Animal we had Black Soldier Flies, Piggery and Cattle which is explained in this report.

During the study, in Introduction contain Description of Nyenga Foundation, Historical background, Vision, Mission, The purpose of Nyenga Foundation, Objectives of Nyenga Foundation, Location of Nyenga Foundation and Structural Organization of Nyenga Foundation

---

all are in **Chapter 1**, we had detail and practical study on Hibiscus production, Urban gardening, Bananas production, Maize production, Rice production, Sweet potatoes production, Cassava production, Coffee production and making Organic pesticides and in animal we also Black Soldier Flies Production, Piggery, Cattle and poultry keeping all in **Chapter 2**, The skills I got from different sections, responsibility undertaken, the influence of attachment to my future carrier, correlation of activities with classroom knowledge and the challenge faced during the internship training all in **Chapter 3** and Conclusion and Recommendation, Appendices/work plan and Reference all are in **Chapter 4** which is the last chapter of the report.

---

## 1.0 CHAPTER ONE INTRODUCTION

### 1.1 Description of Nyenga

Nyenga Foundation is a private organisation owned by “WHITES” in NORWAY. It has both crop and animal section. The organisation takes care of orphans, running a school which is New Horizon primary school and a healthy centre in kabizzi village

### 1.2 HISTORICAL BACKGROUND OF NYENGA

Nyenga foundation started as a children's home in 2009 and 2010 and then changed to Nyenga foundation in 2017, 2012 the school and the healthy centre were constructed to treat the community members and the home children. The school was also constructed to educate home children and community members. Due to scarcity of food, it was set up to produce food for the community and home children

---

### 1.3 VISION

To build and run a centre of competence at Nyenga where people can meet, share and learn from each other.

### 1.4 MISSION

To promote sustainable growth through empowering individual, families and communities

### 1.5 THE PURPOSE

1. To establish and operate the children home in Uganda based on local resources and sustainable development
2. Collaboration with the local community shall stimulate local development
- 3 Through care and knowledge, work towards the goal that the children can create for themselves and coming generation.

---

### 1.6 OBJECTIVES

1. To acquire new knowledge.
2. To gain practical skills and experience.
- 3 To enable us to learn.
- 4 To improve confidence in problem solving in the real work situation.
