DEDICATION

With love and shower of more blessing for the endless support that had been granted toward my academic progress, I would like to dedicate this report to my lovely Dad Mr. Omona Charles, Mum Ms. Aryemo Rose, Mr. Kilama Philip, uncles and all the family members for the hard work toward my life journey.

I do also extend my appreciation to the entire administration at Pader District local government for the place that had been offered to me for the industrial training and more so the field supervisors that had guiding throughout the training especially the DPO, DVO, DAO, DFO, all the sub-counties extension workers, all the assistant veterinary officers at the sub-counties and not forgetting the administration of Busitema University for the exposure and the networking us with the outside community toward pursuing our academic excellence, May the almighty God reward all of you abundantly.

ACKNOWLEDGEMENT

I would like to express my special thanks of gratitude to the administration at Pader district local government for the place offered and guidance given by the different sectors under production department toward my academic excellence through combined support and coordination by the following field supervisors, e.g. Mr. Tyan John, Mr. Adonlatona seydou Opoka and Dr. Okeny

I further extend my appreciation to the administration of BUAC for the opportunity granted to us to at least select place of our convenient for industrial training , of which it has helped me to get some exposure and network with people who are seniors and knows more than I do, May the almighty everlasting blessing be with all of you .

Chapter 3. Impact of the attachment, this consist of skills gained during the training, challenges encountered, influence of the training to future career and relationship of the industrial with classroom knowledge

Chapter 4. Consist of conclusion, recommendation and appendices

GP/10

CHAPTER ONE

Introduction

Pader district is located in northern Uganda bordering agago in north east, Lira in the east, Kitgum in the north, Omoro and Gulu district in the south.

It started operating as a district administrative unit some years back since 2001 after being separated from its mother district (Kit gum district)

1.1 Background of field attachment place

Pader district local government (the district head quarter) is located at Pader town council along Pader –lira road with 23 administrative units of which five are town councils and 18 are sub-counties.

The district consist of various department i.e., health, education, community development, district service commission, production department of which we had been attached to by the district chief administrative officer for period of 10 weeks for the industrial training and other departments which are not mentioned.

The production department consist of various sectors such as agriculture sector, animal husbandry, fishery, environment, land, tourism and entomology sector of which all of the sectors plays it role and responsibilities in accordance to the set up and coordinates together if there is need to combine hands together in their related issues

1.2 Objectives of the training

To develop practical skills and knowledge outside classroom learning

To enable students get to know the new technological advancement in agriculture

To enables students get expose to work environment and get experience in practical work in order to draw right conclusion

1.3 Activities

The activities done at PDLG were divided into mainly three categories namely;

Animal section

Crop section
