DEDICATION:

I humbly dedicate this report to the almighty father for the knowledge, wisdom and good health in completing this report and also the protection throughout the internship.

I also dedicate this report to my beloved family Mr.Okeja Justine and Mrs.Kayinge Stella and the staff of LFI ,BUAC and my fellow interns at LFI ,my brothers and sisters not forgetting my beloved friends Auma,Aguti, Ekya,Adul, Oyaro ,Owiny ,Kodi ,Twomo ,Ocen and Muge for the support rendered to me financially and physically during the internship.

~~I also dedicate this report to my field supervisors Fred Ocilo and Bonny, my assistant director~~
Rev; Prisca Auma and the director Mr. George Ronald Ridnil.

ACKNOWLEDGEMENT

The great appreciation goes to the almighty God for the outstanding health given and giving me a chance to complete industrial training successfully. A great thank goes to my field supervisor Mr. FRED OCILO for mentoring me in a technical way and academic supervisor Mr. ANDREW MUSOBA for the great supervision given to me and not forgetting all the university lecturers who lectured me actively in class and in the farm during farm practice. I also acknowledge all my friends from the University, farm workers and non formal students whom we were able to work hand in hand with them to attain the same goals, aims and objectives of the mighty farm.

ABSTRACT

This report describe the all the activities carried out during the internship including skills and qualifications gained, challenges faced during industrial training, conclusions and recommendations derived from the challenges faced at Light Force International. It is noticed that LFI Lira is a Christian base organization founded by Preacher of word (missionary) Sir George Ronald Rignil which was founded in 2003 under Light agency in UK. LFI has worked in Lira, northern Uganda since January 2004 initially working in the displaced peoples camps at the height of the rebel insurgency which devastated people's lives. During internship, I was attached ~~endowed to various sections such as Poultry, Cattle and goats, Piggery and Horticulture. While at~~ the various units, I gained skills and knowledge such as hand milking and disease diagnosis in cattle, preparation of a nursery bed and management of seedlings in horticulture, how to operate various machines such as a milling machine and a threshing machine as well as general management of livestock. . Responsibilities undertaken during my internship includes; encouraging group members to ensure that all task are done according to the standards and interest of the farm, as well as managing time when reporting at the farm. During the process I faced challenges such as language barrier, difficulties in operating some machines in the farm. In conclusion all the activities were implemented and industrial training was successfully carried out and finally, the government should improve on infrastructures such as roads to ease movement of products to the market, rural electrification for adequate power supply in the farm to ease operation of the machines in the farm and I appreciates the farm for all the services rendered to me.

CHAPTER ONE

1.1 Introduction.

This report describes the activities implemented, skills and knowledge gained, challenges faced during the internship, conclusion of the report and recommendations derived from the challenges faced at Light Force International Farm, Uganda in Lira City during the duration of industrial training.

1.2. Background of Light Force International (LFI)

Light Force International– Lira is a Christian base organization founded by Preacher of word (missionary) Sir George Ronald Ridnil which was founded in 2003 under Light agency in UK. LFI has worked in Lira, northern Uganda since January 2004 initially working in the displaced peoples camps at the height of the rebel insurgency which devastated people's lives. After a holding peace was in place, those displaced moved back to their land.

LFI supported the return process and worked with communities with special emphasis on the education and health sector. LFI has enjoyed partnership with World Food Programme (WFP), UNICEF and Memisa Belgium

Since 2007 LFI has purchased land and developed projects in Telela, Omito Parish Lira. Whereby over 50 local people have been employed to support the running of the project which included Agricultural and vocational school, Nursery and Primary school, Children's village, Visitor's center and Community Health Center. The Farm 140 hectares with a mixture of crop and livestock

1.3 ADDRESS:

Light Force International, Telela Omito, Omito parish, Lira city west, Lira city

1.4 MISSION:

To uphold justice through sustainable solutions and partner with individuals, communities and organizations to tackle root causes of injustice like poverty and exploitation
