ABSTRACT

Industrial training is basically an academic course unit run by the university and it is aimed at equipping students with basic field skills that link up with the theory learnt in the class and their respective professional. In Busitema University, the internship program is meant to run for ten weeks. At faculty of Agriculture and Animal Sciences it is done during internship period basing on the University requirements.

Industrial training is allocated its own period of time from 28/02/2022 to 6/05/2022

Industrial training have various sections i.e., dairy, piggery, small ruminants, pasture establishment and management, green house, mushroom production, banana production and workshop (welding unit) in students are supposed to attend, the following are some of the activities that we did. In all sections; feeding animals, regular cleaning of the animal houses, disease diagnosis, treatment of different diseases, castration, dehorning, fencing and pasture establishment and management, Weeding, staking tomatoes and fertilizer application.

CHAPTER ONE:

1.0 INTRODUCTION

1.1 INTERNSHIP/INDUSTRIAL TRAINING.

Industrial training is basically an academic course unit run by the university and it is aimed at equipping students with basic field skills that link up with the theory learnt in the class and their respective professional, In Busitema University, the internship program is meant to run for ten weeks. At faculty of Agriculture and Animal Sciences it is done during internship period basing on the University requirements.

1.2 OBJECTIVES OF INTERNSHIP.

To gain the practical skills and experience needed in the field

To build confidence and have positive attitude in problem solving in work situation

To appreciate the use of theory learnt in class as applied in the field

To enable students to have exposure to challenges and be able to learn out of the challenges faced

To enable students to compile all the areas of their profession.

1.3 BACKGROUND

Busitema University is a public university established by statutory instrument in November 22nd 2007 and parliament approved on 10th may 2007.

It consists of six(6) campuses namely Arapai, Busitema, Mbale, Nagongera, Pallisa, Namasagali and Kaliro.

Arapai campus where I did my industrial training is located at the former Agricultural college along Soroti-Moroto road in Soroti district with an establishment of 671 hectares of land.

1.4 mission statement

To provide high training, engage in quality research and outreach for social economic transformation and sustainable development.
