ABSTRACT

This report entails activities carried out in Franciscan Brothers Adraa Agriculture College from 28th Feb to 6th May 2022.

Chapter one described the background of the college, vision, mission, objectives of AAC, core values of the college, gender composition of the college, and the organization structure of the college.

Chapter two described organization of the departments of attachment in the college, the human resource in each section and the activities carried out the attachment. The sections of attachment were; livestock, BDC, demonstration plots, vegetable growing, field crops, ODP, and Tree and tree fruits nursery.

Chapter three covered the impact of the like skills and qualifications attained during the attachment, the responsibilities I undertook during the attachment, influence of the attachment to my future career plans, how the activities in the attachment correlates with my classroom knowledge, and the challenges I faced during the attachment.

Chapter four was the last chapter in this report and it described the conclusive remarks and the recommendations that were derived from the experience of the ten weeks of the attachment.

CHAPTER ONE: INTRODUCTION

03

1.0 Introduction

Chapter one consists of the organization name ,geographical location, how the organization positions itself in the industries, size(number of employees), It also gives information on the department the intern worked and elaborates the individual roles the intern did and the types and levels of skills that were required for the given skill, when the task was done, for whom and finally the organization structure.

1.1 The background of the college.

Adraa agriculture college AAC was found in 2012. The purpose of the college is to educate and train people from rural communities in Uganda, South Sudan, and north east democratic republic of Congo. The main aim of this education and training is to improve capacities and capabilities so that rural people could have access to available natural resources to achieve sustainable livelihood for themselves and communities.

The college is registered as an agriculture training institution by the ministry of education and sports, Registration Number: MOES/BTVET/219. The official name of the institute is Franciscan Brothers Adraa Agriculture College (AAC). This registration will give it an official status as training institution of the corporate entity above and all legal obligations will still be vested with the trustees.

Currently AAC legal identity is the registered trustees of the Franciscan brothers (Africa region) Nebbi Uganda this entity is registered as a cooperate body under the trustees' incorporation act of Uganda by the ministry of lands, water and environment. All legal obligations are therefore currently vested in the trustees.

1.2 VISION

Vision of the college is a society where the marginalized are prioritized and the earth is cared for.

1.3 MISSION

Mission of AAC is to empower the marginalized in their struggles to liberate themselves and to care for the earth.

1.4 MAJOR OBJECTIVE OF AAC

The main objectives of AAC are to promote holistic development of students to enable them to use available resources for sustainable livelihoods and to live in harmony with creation and God. Students in the context of AAC means a person validly registered by AAC for purposes of
