ABSTRACT

The aim of field work training is to integrate theory to practical knowledge; attitude and experience that will enable me become effective and efficient in future.

The field work training was carried out at Tororo municipal council Local Government under the Finance and Accounts Section.

The aim of the field work training was to help the student attain new knowledge and practical experience, improve confidence in problem solving, gain opportunities to relate with different categories of people met in the real life situation, exposure to the demands and challenges of the work place, improve appreciation of the profession and better work, integrate theory to practical knowledge; attitude and experience.

During the period I participated in various activities of the organization while in the office.

In this period of attachment the intern prepared different books of accounts right away from the occurrence of financial transactions up to the financial reports. In the process the student prepared different documents such as the payment voucher/receipts and posted different books of accounts such as the cash book, the ledgers, the vote book, the abstracts, and the revenue register.

To crown it all, the internship period was a time of self-realization and getting to a new world. The different skills acquired in fields of financial management, development planning, contract management. Monitoring and evaluation, confidentiality accountability and the inter-personal skills gained were so great to note.

The student commended the leadership of TMC for the continued support to students in terms of transport, breakfast, and others to the students in addition to the office equipment like papers and computer though more should be procured. He urged Busitema University to increase on the facilitation given to the students.

He finally commended students to have maximum respect for field supervisors and any other person they interact with though out the field attachment period regardless of their background, training, social and economic differences.

Work willingly whenever they are attached, adhere to the field attachment code of conduct and provide reports and other forms of feedback to the university and the host partner.

CHAPTER ONE

INTRODUCTION

1.0 Introduction

This chapter contains the objectives of the organization, location and description of the organization, mission, vision, and goals of the organization, field organization structure and activities performed by Tororo Western Division.

1.1Background of field attachment

Tororo is a district in the eastern region of Uganda. The town of Tororo hosts the headquarters and has two divisions in the municipality that is to say Eastern Division and Western Division

Western Division is a division of Tororo Municipal Council located in the western part of the Municipality in Bison, Tororo District. It's boarded by Rubongi Sub County in the north, eastern division to the east and Osukuru Sub County to the south covering a total Area of 14 square kilo meters. It composes of four parishes that is central, Agururu 'A', Agururu 'B' and Bison and the villages are south central east, south central west, water village, Bison A ,Bison B, Bison C, Agururu A1, Agururu A2, Agururu A3 ,Agururu B1, Agururu B2, Agururu B3 and Bison Maguria. WD has a total population of 23423 people where, 12605 are female and around 10818 are male according to the census of 2020.

1.2 Objectives of the Internship Exercise

Tororo Western Division being a local government establish under the Act of Parliament has set up objectives that is mandated to fulfill.

- To provide students the opportunity to test their interest in particular career before
 Permanent commitments are made.
- To provide room to students to interact with workers at the work place and this helps them to get used to the work environment.
- To enable the student to learn and gain the skills and knowledge that may not be acquired theoretically.
- To build the strength, teamwork spirit and self-confidence in student life.
- To provide students with the chance to know the challenges associated with their respective fields of specialization, this is learnt while at the work place during internship exercise.
